Pediatrics 2018

Future Shape of Pediatrics Health Care: Accessions, Organizations & Research

Conference Dedicated to Innovate Solution to the Pediatrics Health Challenges

Your single Destination to reach Largest Assemblage of participants from Pediatrics Community

Opportunity beyond any Comparison to Attend & Network

Experience the Global Ambiance with Pediatrics Experts, Researchers, Industrialist with Similar Significance

Make New Associations and Fostering Potential Partnerships

Learning & Knowledge in a Single Package

Worldwide Acknowledgement to your Research Profile

Explore the best in Cutting Edge Research

Learn Beyond your Field of Interest

Professional Development to Elevate your Knowledge and Skills

Pediatrics 2018

Speakers Representation from 50+ Countries

1 Conference | 3 Days | 12th International Conference on Pediatrics

15 Keynote Talks | 75 Plenary Speakers | 17 Interactive sessions

Symposia | Workshops | Best Poster Award

350 Attendees | 100 Professors | and many more . . .

Greetings!

Welcome to the most exciting and fascinating Paris, France!

Within this splendid setting, we have planned to deliver a conference that will exceed your expectations.

During this year's Conference, we hope that you will seize the opportunity to rekindle ongoing connections and spark new ones with your colleagues from all over the world. It's with great pleasure and great honor to invite you to the "**12th International Conference on *Pediatrics Health Care***" scheduled during **Aug 16-18, 2018** at **Paris, France**.

The Conference will be organized around the theme "***Trends, Solutions and Latest Advancements in Pediatrics Health Care***"

Pediatrics 2018 anticipates more than 500 participants around the globe to experience thought provoking Keynote lectures, Oral & Poster presentations. This year conference will offer ample opportunities for all stakeholders working on Pediatrics Health Care, Medicine, Baby products making Industries, Universities, Organizations etc to expose their research work.

Our conference aims to gather the Researchers, principal investigators, experts, Pediatrics Experts and researchers working on Pediatrics Health, Neonatology and Adolescent Medicine from both academia and health care industry, Business Delegates, Scientists and students across the globe to provide an international forum for the dissemination of original research results, new ideas and practical development experiences.

This year's Conference program, coupled with the Business Opportunity Exchange, is an event you can't afford to miss!.

Sincerely

Amelie David

Program Manager | Pediatrics 2018

Organizing Committee

We are back again! Conference that dedicated to Innovate Solution to the PediatricsHealth Challenges, one conference which future the shape of Pediatrics Health Care. Our Conference will organize and allow to access the global researchers around the world in a single platform. Pediatrics 2018 will provide a great opportunity beyond any comparison to attend and network with Pediatrics and Neonatology Community.

Join us at our 2018 edition of Pediatrics Health Care Disease to Experience the Global Ambiance with the Researchers who work with similar significance of research. Pediatrics 2018 will help you to get answers to all your queries related to your research work and also it creates a great opportunity to make new associations and also will help to foster potential partnerships. Pediatrics 2018 will be a great platform for you to create long lasting relationship with the fellow researchers from Pediatrics & Neonatology Community.

Get worldwide acknowledgement to your research profile where more than 55000 visitors who analyzed our conference website to attend and submit proposals of their research work. Where this was recorded as the highest number of Visitors from both, developed and developing nations. While we penetrate the study of visitor, navigation, and traffic patterns to determine the success of our conference website majority amount of traffic we receive from cities like New York, London, Valencia, Amsterdam, Madrid, Barcelona, Athens, Sydney, Paris, Frankfurt, Tokyo, Osaka, Melbourne, Moscow and Vienna.

Pediatrics 2018 website is attracting 56000+ Pediatrician, Pediatrics Experts, Neonatologists and Professors, Health Care Experts, Nurse, Doctors, Pharmacists, Research scientists, Pediatrics Organizations and societies, Pharmaceutical companies, Pediatrics and Neonatal drug Industries, Pediatrics associations, Faculties and Students..

This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Pediatrics 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

THURSDAY, AUGUST 16

08:00-09:00
Registration

09:00-09:30
Opening Ceremony

09:30-10:15

Awards Banquet and Closing Ceremony

Purpose

With members from around the world focused on learning about Pediatrics Health Care, Neonatology and Adolescent Medicine, this is your single best opportunity to reach the largest assemblage of participants from the scientific community.

Conduct demonstrations, distribute information, meet with eminent personalities, and make a splash with latest research innovations at this outstanding event.

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration.
- The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Pediatrics Health Care to present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address Pediatric disorders & diseases and neonatal issues, problems and to overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Pediatrics Health Care
- Discuss and apply recent research findings related to Pediatrics and Neonatology
- Disseminate the diverse voices of breakthrough innovators with visionary

Who should attend?

Pediatrician, Pediatric Nurse, Neonatologists, Doctors, Health Care Professionals, Pediatrics Experts, Child Nutrition Experts, manufacturers of pediatric drugs & health care devices, Pharmacists, Research scientists, Pediatrics Organizations and societies, Business delegates, CEO's and R&D Heads from Industries, Directors, Industrial Leaders, Pharmaceutical companies, Pediatrics & Neonatal drug Industries, Pediatrics associations & foundations, Professors and Students from Academia in the study of Medicine and Pediatrics and researchers who utilize novel techniques and knowledge in diagnosing and Child Health Related issues and Pediatrics Disorders.

CME & CPD

Pediatrics 2018 has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Committee.

The live format of this educational activity will be accredited with CME and CPD Credits.

Diverse Action-Oriented Programming & Networking

EXPERIENCE: Inspiring change around the country and world, growing a revolution from the heart of Pediatrics Health Care research.

EXPLORE the forefront of breakthrough ideas and models in electrifying morning keynote talks, featuring luminaries and “the greatest people you’ve never heard of.”

PARTICIPATE in afternoon panels and workshops/symposiums on diverse topics Trends, Solutions & Latest Advancements in Pediatrics Health Care and more!

NETWORK with a community of leadership – dynamic change makers from around the country and world, or from your region, to develop important professional and personal relationships.

SHARE your insights and learning at the conference in participatory and experiential workshops.

DISCOVER powerful opportunities and strategies for creating and engaging with progressive change in your work, life and community.

CELEBRATE how great the difference one person can make, and how building community amplifies that change.

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

Scientific Sessions

- Pediatric Health Care
- Pediatric Food & Pediatric Nutrition
- Pediatric Emergency Medicine (PEM) & Pediatric Pharmacy
- Pediatric Immunization or Pediatric Vaccination
- Pediatric Obesity: Prevention, Treatment & Care
- Pediatric Oncology or Childhood Cancer & Care
- Cardiology Care for Children
- Pediatric Mental Health Care
- Pediatric Pulmonary Care
- Pediatric Gastroenterology & Pediatric Hepatology
- Pediatric Neurological Conditions & Care
- Pediatric Rheumatology Care
- Pediatric Nursing Care
- Recent Advances in Pediatric Health Care

Pediatrics 2018 Outlook

Explore the best in Cutting edge Research

Change to learn beyond your field of Interest

Keynote sessions by worlds most eminent and distinguished researchers

Conference Participation Inspires, Rejuvenate and Energize participants

Pediatrics 2018 an unique platform to increase your reputation within the Pediatrics Sector

Learning and Knowledge in a single package

Speaker's representation from 50+ Countries

1 Conference | 3 Days and 13th conference in the Row

Market Analysis of Pediatrics Health Care

Children's are frequently inclined to sickness and they catch diseases recurrently. Therefore, pediatric medicine and other pediatric health care services sales are becoming significantly faster. Thus, the pediatric market as far as social awareness on pediatric health care is prospering by steady developments.

The growing demand of treatment options for chronic illness makes the pediatric health care market lucrative to invest, and this report helps to gain heads on the in-depth analysis of various developments, market trends, opportunities, sales forecast and competitive landscape in this pediatric health care market.

According to Deloitte, global health care spend, projected to reach \$8.7 trillion by 2020. The global pediatric medicine market to grow at a CAGR of 4.97% during the period 2017-2021. According to Forbes, health care is a trillion dollar industry in the market. In 2014, the US spent around \$2.9 trillion on health care services. In US, total health care disbursement were calculated to be \$3.24 trillion in 2015, and were expected to reach \$3.78 trillion in 2018. China's health care industry will reach \$1 trillion by 2020, which will constitute one of the largest market all over the globe.

The global market for Pediatric Health Care services was worth \$56.9 billion in 2008 and had a forecast to increase up to \$79.3 billion in 2013 at a CAGR of 6.8%. Then, in 2010 the global Pediatric Health Care market has grown at a CAGR of 7.2% from \$65.8 billion to \$81 billion by 2013 and \$83.6 billion by 2014. The global pediatric market is expected to reach nearly \$100.7 billion by 2019. Again the global pediatric ultrasound market is accounted for \$275.30 million in 2016 and by 2023, it is expected to reach up to \$420.71 million.

The overall pediatric vaccine market is set to end up noticeably worth more than \$40 billion USD by the year 2022, with 500 million newborn children to be vaccinated by 2022. North America represented the greatest offer took after by Europe in 2015. Likewise, the worldwide market for pediatric cardiology in 2015 is to a great extent commanded by the U.S. because of the expanding cases of heart infections among the kids.

Europe is ready to display most elevated development rate amid the conjecture time frame because of the high interests in pediatric products and services by European people. So, Europe is considered as the second largest market of pediatric health care products and services. In Middle East & Africa, the market scenario for pediatric health care was US\$ 48 billion in 2016 and by 2023 it is expected to reach US\$64 billion at 4.1% CAGR. Asia-Pacific, is considered as the future market for pediatric health care products and services because of rising awareness on pediatric health care and child health among the people. The pediatric market in Asia-pacific is gauge to become attributable to the quick innovative advances in solution going ahead in creating economies.

The various players in global pediatric health care market are such as Johnson & Johnson, Procter & Gamble, AstraZeneca, Abbott Laboratories, GlaxoSmithKline, Merck & Co., Pfizer, Sanofi, Perrigo, Mead, Bayer Aktiengesellschaft, Nestle, Danon etc..

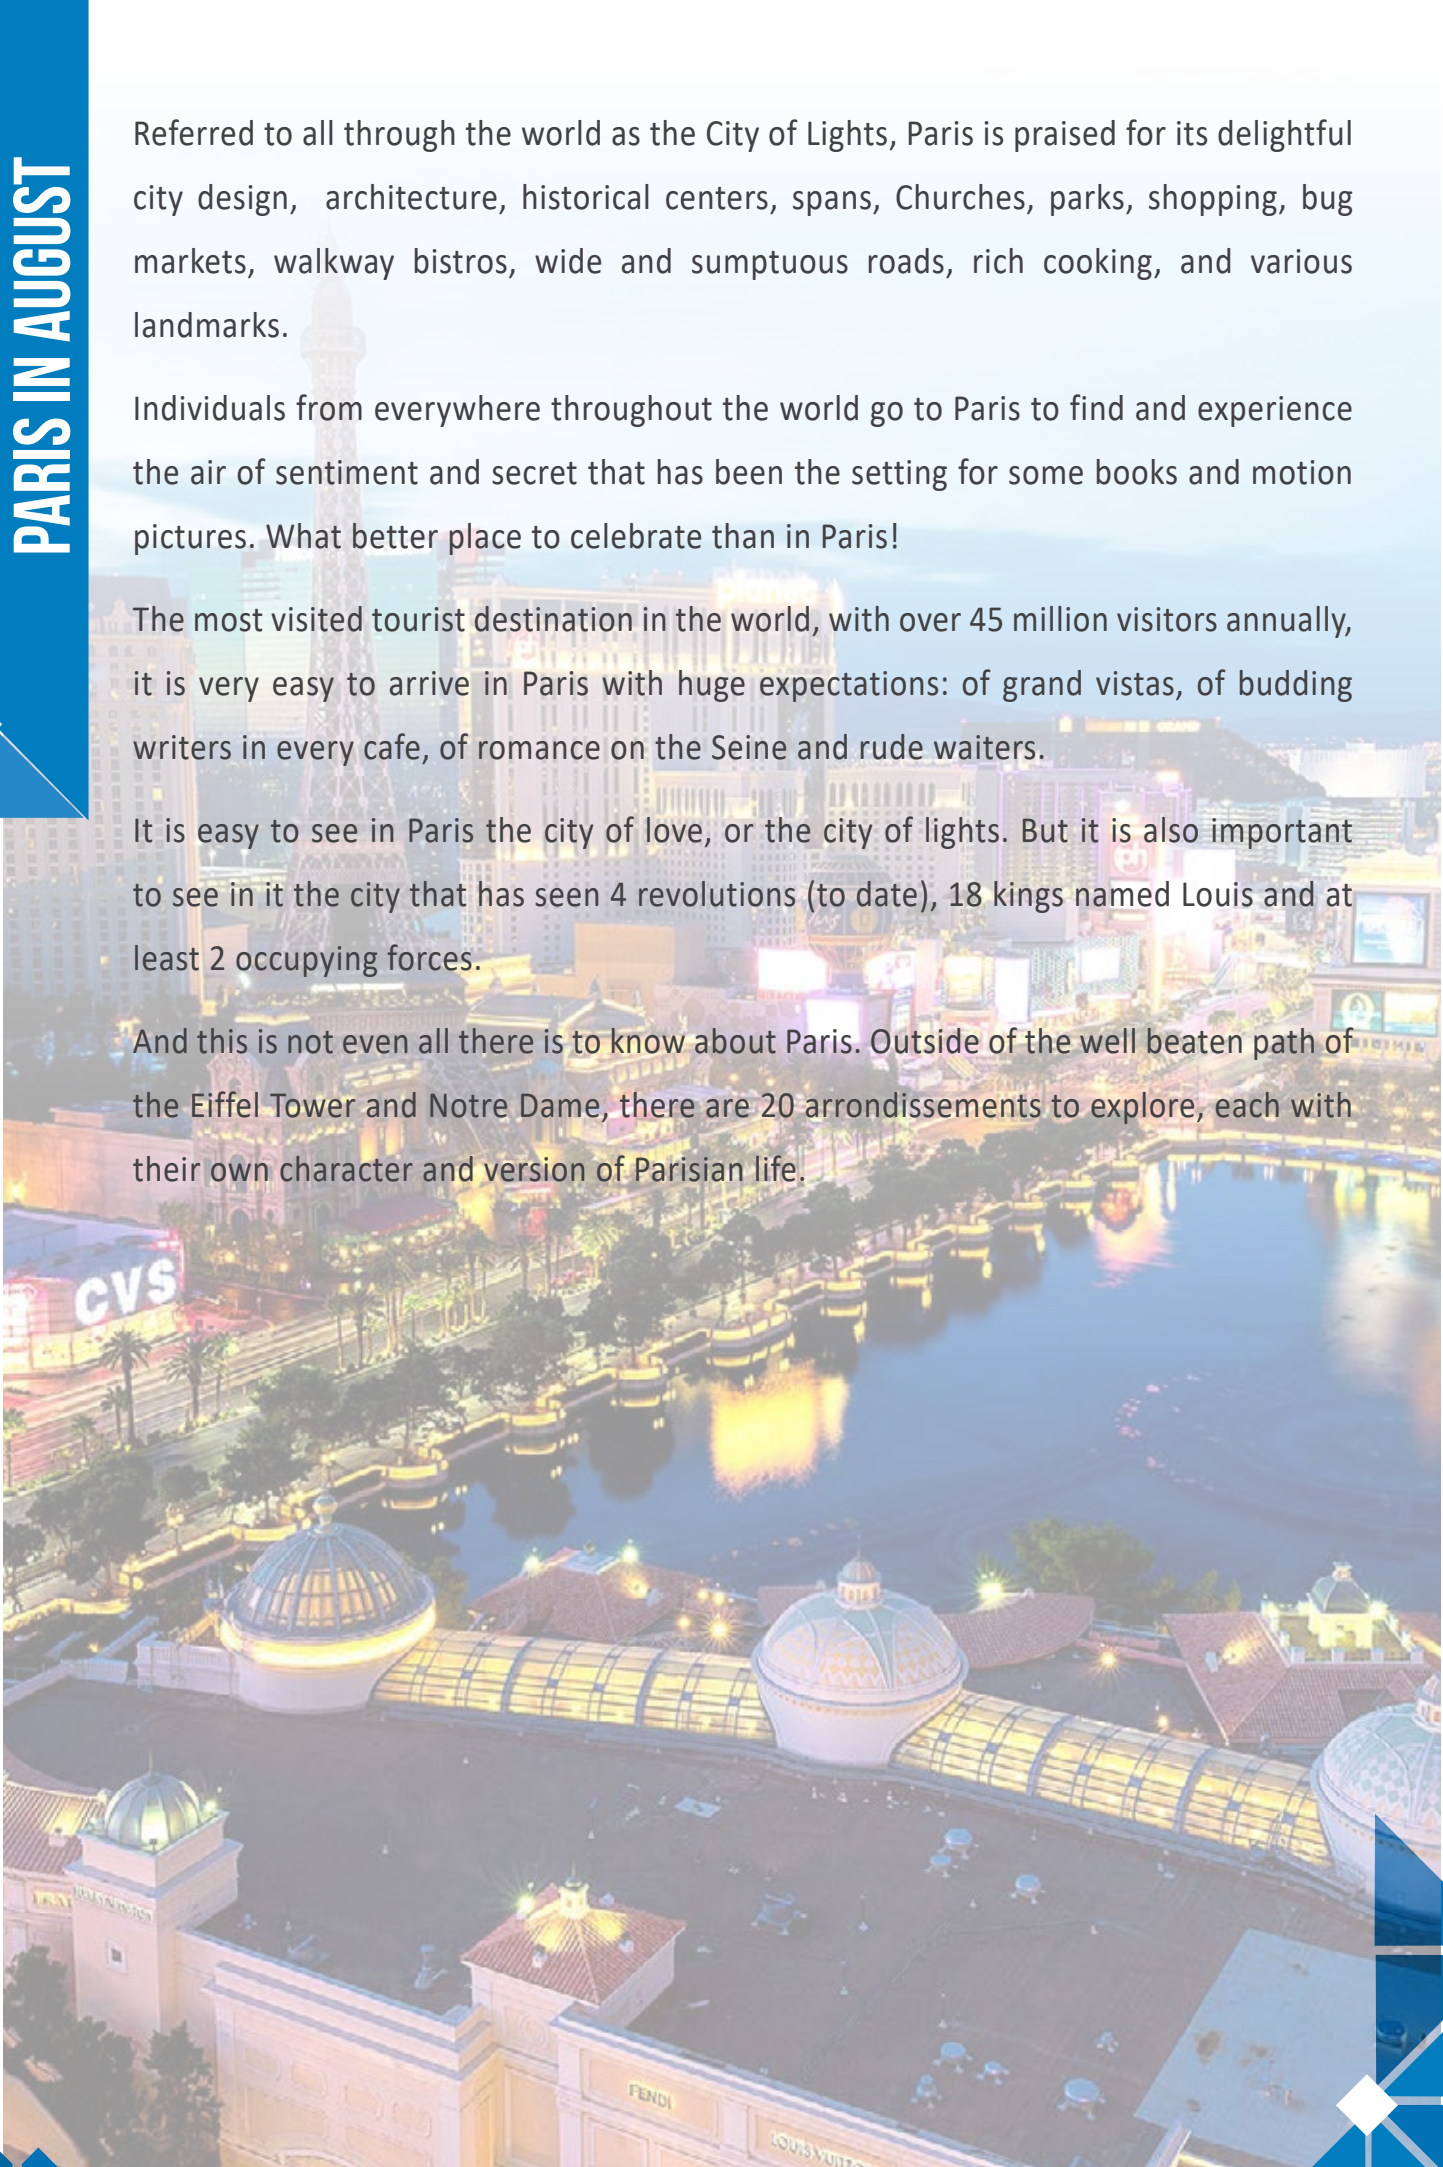

Referred to all through the world as the City of Lights, Paris is praised for its delightful city design, architecture, historical centers, spans, Churches, parks, shopping, bug markets, walkway bistros, wide and sumptuous roads, rich cooking, and various landmarks.

Individuals from everywhere throughout the world go to Paris to find and experience the air of sentiment and secret that has been the setting for some books and motion pictures. What better place to celebrate than in Paris!

The most visited tourist destination in the world, with over 45 million visitors annually, it is very easy to arrive in Paris with huge expectations: of grand vistas, of budding writers in every cafe, of romance on the Seine and rude waiters.

It is easy to see in Paris the city of love, or the city of lights. But it is also important to see in it the city that has seen 4 revolutions (to date), 18 kings named Louis and at least 2 occupying forces.

And this is not even all there is to know about Paris. Outside of the well beaten path of the Eiffel Tower and Notre Dame, there are 20 arrondissements to explore, each with their own character and version of Parisian life.

Accompany Partners' Policy:

We respectfully remind you that partners accompanying delegates/speakers are not eligible to attend conference sessions and do not qualify for refreshments and lunches during the day unless they have registered.

Any partner wishing to attend events not previously selected and paid for in his or her registration may do so at the Conference Registration desk.

We would be pleased to accommodate any requests where possible.

Registration and Accommodation

Policy:

Registration and accommodation changes will not be accepted unless made in writing.

Changes made within 14 days of the event may incur costs due to specific hotel and venue policies

Cancellation Policy:

Registration cancellations will not be accepted unless made in writing.

Cancellations request made before July 16 2018 will be refunded less 25% of the Conference Registration fee, to cover administration costs.

No registration refunds will be processed after this date, however, substitute delegates are welcome.
